May be recommended for a diet - as an additional source of important vitamins and minerals, which are essential factors in metabolic processes and valuable for the whole body, in particular for skin, hair and nails. The Merz Spezial dragee helps to restore or prevent functional or structural damage to the skin, hair and nails, which is the result of malnutrition or increased need of the body.

Merz Spezial Dragees are nutritional beauty supplements which have been specially designed to give you fresh, healthy skin, strong, shiny hair and beautiful, firm fingernails. They contain a unique combination of vitamins and micronutrients, which provides your body with substances that support healthy skin, hair and nails.¹

¹Vitamin C contributes to normal collagen formation for regular skin function. Zinc contributes to the maintenance of normal nails. Biotin and Zinc contribute to the maintenance of normal hair.

Consumer Research
